Explanation of Form 1095-C (2019), Employer-Provided Health Insurance Offer and Coverage

Instructions for Recipient
You are receiving this Form 1095-C because the University of Wisconsin is an Applicable Large Employer subject to the employer shared responsibility provisions in the Affordable Care Act (ACA). This Form 1095-C includes information about the health insurance coverage offered to you by the University. Form 1095-C, Part II, includes information about the coverage, if any, the University offered to you and your spouse and dependent(s).

Premium Tax Credit. If you purchased health insurance coverage through the Health Insurance Marketplace and wish to claim the premium tax credit, this information will assist you in determining whether you are eligible. For more information about the premium tax credit, see Publication 974, Premium Tax Credit (PTC).

Multiple Forms 1095-C. You may receive multiple Forms 1095-C if you had multiple employers during the year that were Applicable Large Employers (for example, you left employment with one Applicable Large Employer and began a new position of employment with another Applicable Large Employer). In that situation, each Form 1095-C would have information only about the health insurance coverage offered to you by the employer identified on the form. If your employer is not an Applicable Large Employer it is not required to furnish you a Form 1095-C providing information about the health coverage it offered.

Part III Covered Individuals. In addition, if you, or any other individual who is offered health coverage because of their relationship to you (referred to here as family members), enrolled in your employer’s health plan and that plan is a type of plan referred to as a ”self-insured” plan, Form 1095-C, Part III provides information about you and your family members who had certain health coverage (referred to as ”minimum essential coverage”) for some or all months during the year. If you or your family members are eligible for certain types of minimum essential coverage, you may not be eligible for the premium tax credit.

Form 1095-B, Health Coverage. If the University provided you or a family member health coverage through an insured health plan or in another manner, you may receive information about the coverage separately on Form 1095-B, Health Coverage. Similarly, if you or a family member obtained minimum essential coverage from another source, such as a government-sponsored program, an individual market plan, or miscellaneous coverage designated by the Department of Health and Human Services, you may receive information about that coverage on Form 1095-B.

Form 1095-A, Health Insurance Marketplace Statement. If you or a family member enrolled in a qualified health plan through a Health Insurance Marketplace, the Health Insurance Marketplace will report information about that coverage on Form 1095-A, Health Insurance Marketplace Statement.

TIP: Employers are required to furnish Form 1095-C only to the employee. As the recipient of this Form 1095-C, you should provide a copy to any family members covered under a self-insured employer-sponsored plan listed in Part III if they request it for their records.

The amount reported on Line 15 may not be the amount you paid for coverage if, for example, you chose to enroll in more expensive coverage such as family coverage. Line 15 will show an amount only if code 1B, 1C, 1D, 1E, 1J, or 1K is entered on Line 14. If you were offered coverage but there is no cost to you for the coverage, this line will report a "0.00" for the amount.

For more information, including on how your eligibility for other healthcare arrangements might affect the amount reported on Line 15, see IRS.gov.

Line 16. This code provides the IRS information to administer the employer shared responsibility provisions.

Other than a code 2C which reflects your enrollment in your employer's coverage, none of this information affects your eligibility for the premium tax credit.
