Troubleshooting Access Issues

- Verify that you are connected to a UW network, contact your campus helpdesk if you need assistance.

- Check that pop-ups are enabled, see help with pop-up blockers.

- Social Security number and Date of Birth must match what is on record in HRS, contact your HR department if you have questions.

  **NOTE:** If SS and DoB do not match a message will appear letting you know the fields do not match. After three (3) failed attempts, you will be locked out for one hour. After that hour you will have an additional three (3) attempts. After the sixth failed attempt a hard lock out will occur and you will need to contact your campus IT helpdesk for assistance.
